

ANNEX QUEBEC - MEDICAL - TO THIRTEENTH CG DISTRICT OPORDER 008-00 SEAFAIR
UNLIMITED HYDROPLANE RACES AND AIR SHOW

1. General. The purpose of this annex is to provide guidance on medical issues to Coast Guard entities involved with Seafair.
2. Concept of Medical Support. Patrol units must be prepared to respond to requests from spectator vessels for emergency medical assistance and evacuation during the Seafair patrol. Seafair Medical and Unlimited Hydroplane Racing Association (UHRA) will provide rescue and medical response to an incident involving a hydroplane with assistance from PATCOM as required.
3. Execution:
 - a. All medical emergencies and mass casualty incidents shall be coordinated through PATCOM and Seafair Medical in the Control Tower.
 - b. From 3-4 Aug 00, response requests for medical assistance from spectator vessels will be coordinated through PATCOM. Using the 911 emergency response system, PATCOM and Seafair Medical will arrange for response units to receive patients at one of the three land-based transfer sites. The primary site for cases east of the log boom will be Slater Park. The secondary site will be at the Stan Sayers Pits. The tertiary site will be at Mt. Baker Beach.
 - c. From 5-6 Aug 00, response requests for medical assistance from spectator vessels will be coordinated through PATCOM. PATCOM will coordinate with Seafair Medical for dispatching medical patrol boats staffed by Fire Department EMTs and Paramedics. The medical patrol boats, bannered "MEDICAL," will be strategically located around the log boom. These boats will be responsible for treating and transporting injured/ill spectators.
 - d. Requests for nonemergency medical assistance for USCG personnel or civilians shall be handled by Sector Commanders and briefed to PATCOM.
 - e. LAND-BASED Transfer Sites
 - (1) Slater Park: Located on the West Side of Mercer Island approximately ½ mile south of the I-90 bridge east high-rise. An ambulance will be dispatched as needed on Thursday and Friday. This location will be staffed on Saturday and Sunday with an ambulance and EMT's.
 - (2) Stan Sayers Pits: Will be staffed with physicians, nurses, EMTs and Paramedics.
 - (3) Mt. Baker Beach: Located on the east shore of Seattle, north end of the hydroplane race course, south of the I-90 west high-rise. This site is not staffed with medical personnel and will only be used in emergencies to rendezvous with an ambulance.
